TP Hardisty

Robber duck – blue

Mixed media on laquered board 100 x 125 cms

With a cosmopolitan background that straddles art, sculpture, contemporary furniture and cutting edge design, and an entrepreneurial drive that has seen him build separate businesses both in London and New York, TP Hardisty has forged an exciting reputation as an international artist synonymous with the innovative use of colour, structure and reinvention. Bold, provocative and stimulating, TP Hardisty's core tenet of creatively reinventing the everyday has seen him quickly establish himself as one of the UK's most intriguing emerging talents, the pioneer of an expression that provides strong and compelling new perspectives to the obscure and the unseen, via the abstract transformation of everyday objects and observations.
